EDUCATION

University of Maryland - College Park (UMD) Expected Graduation **Aug 2025 - May 2029**

- *Double Major: B.S. in Computer Science | Information Design 4.00 GPA*, Dean's List in all semesters
- **Relevant Coursework:** Object Oriented Programming I, Calculus II, Object Oriented Programming II, Discrete Structures, Intro to Computer Systems, Algorithms, Organization of Programming Languages, Applied Probability and Statistics

One World International School **July 2023 - May 2025**

- *IBDP, class valedictorian 41 of 45, Awarded a 75% tuition waiver in Grade 11*
- SAT: 1520 (English 750, Math 770), *Commended Student: National Merit Scholarship Qualifying (NMSQT) Test*

EXPERIENCE

First-Year Innovation & Research Experience (FIRE), University of Maryland **Aug 2025 – Present**

Stream: Global Development and Design

- **UI/UX Engineer:** Contributing to a full visual redesign of the Development Ethics Toolkit — a free, open-access platform used by policymakers and scholars to design and evaluate social-impact projects ethically.
- **Applied AI Researcher:** Researching AI applications for healthcare delivery in low-resource settings, working toward a co-authored publication.

HCI Researcher — NSF REU, Computing for Health and Well-Being, University of Iowa **May – Aug 2026**

Mentors: Dr. Lucas Silva & Fatemeh Nazaritiji

- Contributed to a co-design study on how midlife adults envision a smartwatch and companion app for brain health tracking to support dementia prevention.
- Synthesized the research literature to help shape the study's design direction, coded and analyzed transcripts from co-design interviews, translating participant needs into concrete design themes. Designed high-fidelity smartwatch watchface concepts from study findings.
- Co-writing a paper on the study findings including design themes and watchface concepts.

Internship at Inference Lab **May 2024 – June 2024**

Skills: Figma - https://tinyurl.com/TaskManager-Prototype-Inika

- Designed and prototyped a comprehensive productivity application in Figma, developing 26 unique screens.
- Conducted competitive analysis of existing task management applications to inform design decisions, developed user flow diagrams, information architecture, low-fidelity sketches, and wireframes.

PROJECTS & ACTIVITIES

Creator of the RogueSkye YouTube channel: youtube.com/@rogueskyee **Nov 2020 – Jul 2025**

- Managed all aspects of the RogueSkye YouTube channel, which focused on curated music video playlists.
- Achieved over 13M+ views and secured 45,000+ peak subscribers, with over $250 in fan donations.

Music Playlist Creator App: https://github.com/Inika-T/PlaylistCreator **Jan 2025**

- Developed an application to automate the creation of indexed music video playlists for YouTube.
- Functionality: takes a playlist link, downloads the music, and generates a consolidated, indexed music video file.

English Tutoring **June 2024 – July 2024**

- Provided academic support and tutoring to high school peers in English Language and Literature.

Editor & Designer – School Magazine & Editorial Board, OWIS **May 2022 – May 2024**

- Served on the editorial and design team for two years, contributing to magazine layout, cover design, and page composition. Edited, curated, and refined student submissions to meet publication standards.

TECHNICAL SKILLS

Programming Languages: Java, Python, C, Assembly, HTML, CSS

Libraries & Frameworks: React

Developer Tools: Figma

Certifications / Online Courses: CITI Program – Human Subjects Research (Social & Behavioral), Feb 2026 (valid till Feb 2029); CITI Program – Responsible Conduct of Research (Social & Behavioral), Feb 2026
